MINERS COME TO AN AGREEMENT

Bituminous Miners and Operators Avoid Trouble.

HARD COAL MEN WILL QUIT

Conference of Subcommittees Results in Compromise in Which the Men Are Victorious—Dispute Involves 300,000 Miners—Short Tieup Will Result Pending Settlement.

Cleveland, O., March 30.—The bituminous mine workers' dispute, involving 300,000 men, is practically settled. It is announced that a subcommittee representing the miners and operators virtually has reached an agreement which is thought to be satisfactory to both sides. The miners waived all of their demands, except a few, chief of which was for an increase of five cents a ton for lump coal. A short time before the announcement was made an order was issued by union officials calling for a cessation of work in the anthracite regions of Pennsylvania at midnight on Sunday. The suspension will affect 170,000 men.

The subcommittee to which the bituminous operators' and miners' conference had referred a compromise offered by the miners said the terms of the settlement were being drawn up. As given out, they provide for increases in pay to the miners as follows:

Five cents a ton for mining lump coal.

Three cents a ton for mining all other coal.

Increase of 5.262 per cent for men paid by the day.

E. A. Cole, representing the Ohio operators, and H. M. Taylor, representing the Illinois operators, said all the operators of Western Pennsylvania, Ohio, Indiana and Illinois had agreed to grant the increases. They said the agreement would be the basis for making new scales of bituminous miners in other states.

Short Suspension Probable.

A short suspension in the bituminous fields, however, was thought not improbable, as the miners will have to submit the compromise agreement to a referendum vote of the union, pending which it was said it was unlikely the men would work without an agreement.

The suspension in the anthracite regions was ordered because of the operators' refusal to grant the union demands for increased pay. The shutting down of the mines, union officials say, will cause a loss in the coal production of the country of 7,083,000 tons of anthracite a month and will entail a loss in pay to the miners of not less than \$350,000 for every day they remain out.

President White of the union said a meeting between the anthracite miners and operators had been decided on. The members of the operators' committee of ten, of which George F. Baer is chairman, will meet with the anthracite miners' committee in New York, he said, at a near date.

FAVORS STEENERSON BILL

Committee Will Endorse Measure Regarding Indian Lands.

Washington, March 30.—Despite objections that have been made by Representative Graham, chairman of the committee that has been probing White Earth affairs, and Judge Burch of the department of justice, the indications are the house committee on Indian affairs will make a favorable report on the Steenserson bill providing that patents shall issue in all land cases at White Earth, where contents have not been entered by the government. A partial report on the bill has been made by the subcommittee consisting of Representatives Carter and Ferris of Oklahoma, and Miller of Minnesota. A final report will be made immediately upon the receipt of a communication from the secretary of the interior.

Secretary Fisher forwarded a letter to the committee last week, in which he asked that action on the bill be suspended pending a conference on it with officials of the department of justice.

Predicts Ruef's Release.

Milwaukee, March 30.—A reopening of the entire case in San Francisco, in which Abe Ruef was sentenced and is serving a fourteen-year term in San Quentin prison, and Ruef's release from the penitentiary in June on a writ of habeas corpus granted by the United States supreme court, is practically assured, according to Charles E. George of San Francisco, counsel for Ruef, who left here for the coast.

NOT BUY SPRING HATS

London Suffragettes Urge Boycott as Protest to Recent Act.

London, March 30.—At a meeting of suffragettes in protest against what the speakers described as their "base betrayal by the house of commons," Mrs. Despard, who was sentenced to prison in 1909 and once was arrested for picketing Premier Asquith's house, said the time had arrived for the militant suffragettes to adopt more effective methods to gain their desires. She urged, in effect, a boycott.

RUMORS DENIED AT WASHINGTON

No Intimation of Intervention in Mexico's Affairs.

AMERICAN COLONY ARMED

Series of Rumors Relative to American Activity Make Rounds of Capital—President Taft Believes There Is No Ground for Intervention and Infantry Is Not at Present Available.

Washington, March 30.—A series of rumors concerning the Mexican situation, covering every possible phase of activity on the part of the American government, from actual intervention and the assembling of great military forces on the border to the dispatch of an embassy guard to the Mexican capital, surged through official Washington.

All the alarmist stories appeared to have their inception at points which would be naturally little informed of the plans of the two governments. It is quite certain they did not originate in Washington, and as the Mexican capital has been cut off from telegraphic communication with the outside world they were attributed to the insurgent press agents. Officials were kept busy denying stories or tempering them with additions of fact that deprived them wholly of sensational features.

It was declared by one government official and denied by another, however, that the United States had permitted a shipment of arms and ammunition to go through to the Madero government.

President Taft believes there is no ground for intervention in Mexico, and has not changed that belief as the result of any of the military engagements in Mexico within the last few days. Consequently it can be stated positively that no steps have been taken within that time to strengthen the American military force on the border or to prepare any expeditionary force for operations in Mexican territory. The supposition that anything of importance could be done in that direction, without some knowledge on the part of the country at large and a direct appeal to congress is declared by the military authorities to be absurd upon a mere inspection of the condition of the army within the United States at this time.

Admitting that the bruit or a campaign would be borne by the infantry, it is apparent that very little of that arm of the service is available for a Mexican campaign. There are in the East only four full regiments of infantry and two battalions. In the central division there are three infantry regiments and on the Pacific coast, after the sailing of the next troopship for Honolulu on April 5, but one infantry regiment will remain. The total infantry force that could now be gathered for Mexican service without a resort to congress and a call for the national guard, would be actually smaller than the maneuver division which was assembled in Texas under General Carter last summer.

In fact the only action on the part of the government which might be regarded as in any way connected with the Mexican situation was the dispatch of 1,000 standard Krag rifles from New York to arm the American colony in the City of Mexico. Even this was done upon the recommendation of Ambassador Wilson with full consent of the Mexican government and with the assurance that the American residents were to act simply as a police force and are not to support either side in the present struggle.

In outside circles there was talk of the establishment of a small American military force as an embassy guard in Mexico, like that now maintained in Peking by the American marines, but Ambassador Wilson has not asked for any such force and it will not be sent otherwise.

CENSORSHIP NOW STRONG

News of Events in Northern Provinces Not Allowed Publication.

Mexico City, March 30.—The censorship which has been instituted by the government is so strict that it has effectively prevented news concerning the events which have taken place in the Northern provinces from being sent out, while messages from abroad also have been entirely stopped.

Gonzalez Espinosa, editor of the Herald, by taking refuge on the roof of the newspaper office, escaped from the police who had been sent to arrest him on charges which have not been made public. Assurances, however, have been given by him that he will appear in court and these seem to have been accepted as satisfactory by the authorities.

Despite the orders of the police the Herald was printed at noon and copies of the papers were thrown to the street from windows of the building and roof.

Negroes Lynched by Mob.

Blacksburg, S. C., March 30.—Two negroes were lynched near here by a mob after an attack on a white man.

REPRESENTATIVE SIMS.

Reports Bill to Abolish the United States Commerce Court.

© 1911, by American Press Association.

ABOLISH COMMERCE COURT

Bill Is Favorably Reported From House Committee.

Washington, March 30.—A bill to abolish the United States commerce court was favorably reported to the majority of the interstate and foreign commerce committee. A minority report opposing the contention that the commerce court is useless and expensive probably will be submitted in a few days.

The bill, if passed, will restore the status existing before the passage of the commerce court act in June, 1910. It will send the judges now presiding in the commerce court to their respective judicial circuits and have appeals from interstate commerce commission decisions decided by the district courts.

FLOOD CONDITIONS BECOMING SERIOUS

Danger to Life Is Driving Farmers to Higher Land.

St. Louis, March 30.—The Mississippi river rose .8 of a foot here in twelve hours, the gauge registering 28.3 feet tonight, a rise of 1.8 feet in twenty-four hours.

With the river marking 51.3 feet at Cairo, Ill., and rising slowly but surely, flood conditions above and below that point have assumed serious proportions.

Columbus, Ky., is under three feet of water and desperate efforts are being made to save the levee at Hickman, Ky. A hard fight also is being made to save the Drinkwater levee, on the Missouri side, across the river from Cairo. A force of 250 men worked valiantly all day to keep the flood waters back.

The levee at Bryant's Landing, near Texas Bend, Mo., twenty miles above Cairo, broke and the water now covers the big lake region of Missouri.

Cairo still is high and dry and can stand a further rise of 5 feet. When the weather bureau forecasted 53 feet, extra precautions were at once taken to strengthen the Cairo levees.

Farmers from surrounding territory are flocking to Cairo with their families for safety.

DANGER IS PAST AT MANDAN

Highest Point Believed to Have Been Reached.

Bismarck, N. D., March 30.—A portion of Mandan, just across the Missouri river from here, is inundated on account of backwater in the Heart river, a tributary to the Missouri. The parts of the city known as Syndicate and Dogtown resemble a large lake and considerable damage has been done by water in basements. Many residents have sought temporary quarters on the north side of the town.

The flood is supposed to have reached its highest point now and the danger of flooding the Northern Pacific shops has passed. Word has been received here that the ice has gone out in the Yellowstone river, and it is expected the Missouri will begin to rise here about Sunday, but it is not expected there is much danger of bad floods, as the ice is soft and should move out quickly.

WATCHING FOR RIVER FLOODS

Government Engineers Posted in Various Parts of Minnesota.

St. Paul, March 30.—W. G. Hoyt, district engineer of the United States geological survey, left for the Zumbro river to watch for floods. The river is reported to be ten feet above low water and rising fast.

C. J. Emerson of the survey, is watching the Root and Cedar rivers, and S. B. Soule is at International Falls. The survey is working in cooperation with the state drainage commission.

Flood Warning Issued.

Washington, March 30.—The weather bureau has issued a special river flood bulletin. Heavy rains have intensified the gravity of the situation in the Mississippi river from the mouth of the Ohio southward and have started all rivers in the South Atlantic and East Gulf states toward flood stages. Reports of the conditions of the Mississippi levees continue to be favorable.

PICK CLARK AS THE CANDIDATE

Republicans Expect Democrats to Nominate Speaker.

FOR UNTAXED OLEOMARGARINE

Burleson Says Majority of House Favors Bill Soon to Be Introduced. Money Probe a Long Drawn Out Affair—257 Indian Prisoners at Fort Sill Reservation.

By ARTHUR W. DUNN.

Washington, March 30.—[Special.]—Republicans generally believe that Champ Clark is going to be nominated by the Democrats at Baltimore. That belief is entertained by President Taft. Not only that—there are a great many Democrats who believe that when the conservatives see that they cannot name either Harmon or Underwood they will turn to Clark and that he will be more acceptable to the Wilson men than almost any other man presented. That is the way the situation sizes up to present, but there may be many changes after the convention meets.

For instance, there are men who believe they can see the possibility of a dark horse in the person of Senator John W. Kern of Indiana. They figure it out that the rivalry among the Democrats supporting other candidates will be so great that none of them can command a majority, let alone the two-thirds necessary to name a candidate. Then they will cast about for a compromise, and Kern will be the man selected.

Untaxed Oleomargarine. Of course everybody understands that there has been a movement on foot for some time to remove the tax on oleomargarine, but it was only recently that the assertion was made by Congressman Burleson of Texas that there was "an overwhelming majority" of the house in favor of removing the tax.

The statement was made in a colloquy with Prouty of Iowa, who remarked that one might "expect anything from the stupendous majority on the Democratic side," but that he had seen "many predictions made that never came true." But Burleson reiterated his declaration and said it was to be proved in the near future, indicating that a bill will be pressed to repeal the present tax of 10 cents a pound on oleo.

Money Trust Safe.

Congressman Lindbergh of Minnesota, who introduced the first resolution for the investigation of the money trust, expects to see his prediction realized that nothing would be done to develop the facts before the coming election. When the matter was put in the hands of the banking and currency committee the men following Lindbergh felt that there would be little done for many months. They say they are now justified because the investigation begins with the controller of the currency, whose records are made public in reports. Proceedings along such lines, it is claimed, will mean a long drawn out inquiry, with a probable adjournment before very much is developed.

Had Personal Knowledge.

In the opposition to pension bills southern senators have several times pointed out that the beneficiaries had enlisted as late as March, 1865, and as Appomattox was April 9, 1865, they could not have seen much service. On one of these occasions Senator Johnston of Alabama said: "I do not know whether this particular soldier was in any actual battle or not, but there was opportunity for it. I have a very faint recollection for that. I myself was wounded considerably after the 11th of March. So if the soldier was with the Virginia army he had an opportunity to be shot at by rebels, as they are called."

Indian Prisoners.

Few people are aware that we have now and have had for a quarter of a century a bunch of Indian prisoners. There are 257 Apache Indian prisoners at the Fort Sill reservation in Oklahoma. There was a time when these Indians were rather dangerous to be at large, but that time is passed. Efforts are being made to place them on a reservation and give them their freedom.

Want Monticello.

The first thing Congressman Jefferson Levy knows the government will let Monticello, the home of Thomas Jefferson, away from him in spite of the fact that he does not want to sell it. First Mrs. Martin Littleton, wife of Congressman Littleton, wrote a pamphlet about it, and a bill was introduced to purchase the place. Now comes Senator Martine of New Jersey with a proposition for a joint commission of congress to see about taking over the famous old home.

Marcus Braun Decides.

Marcus Braun, who once piloted President Roosevelt to "Little Hungary" and made the colonel solid with the Hungarians of New York, was seen coming out of the Taft headquarters. "How about this?" he was asked.

"Well, I had to decide between love and duty, and I chose duty," was his explanation.

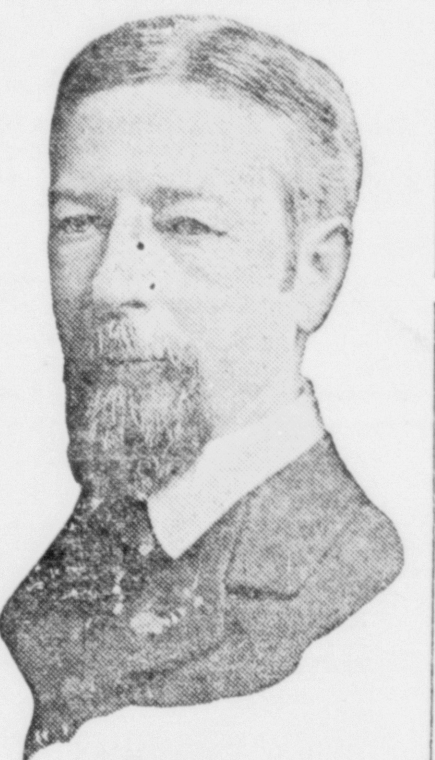

Braun has a position in the immigration bureau.

For Better Things.

Troubles are often the tools by which God fashions us for better things.—Henry Ward Beecher.

GEORGE F. BAER.

Chairman of the Mine Operators' Committee.

MANY NEW POSTAL BANKS

Hitchcock Will Extend System Until There Are 50,000.

Washington, March 30.—Postmaster General Hitchcock has extended the postal savings bank by designating 1,000 fourth class post offices to open savings bank branches on May 1.

About 8,000 postoffices now are taking postal savings. It is the purpose of Mr. Hitchcock to extend the postal savings system to the smaller offices in the rural districts, at the rate of 1,000 a month, until practically all postoffices doing a money order business have been so designated.

When this shall have been accomplished, the postal system will be the most extensive savings institution in the world, and the country will have practically 50,000 postoffices doing a savings business.

ANOTHER OF ALLENS IS TAKEN CAPTIVE

Youngest of Eight Outlaws Gives Up to Detectives.

Hillsville, Va., March 30.—Friel Allen, a blue-eyed strapping seventeen years old, youngest of the eight of the Allen gang, each indicted for the five murders committed in the Carroll county court house a fortnight ago, was captured in a carriage shed at the home of his father, Jack Allen, eight miles from here. He cheerfully submitted to arrest and occupies a cell in the Hillsville jail with his cousin, Claude Swanson Allen, who previously surrendered to the detectives.

Only Sida Allen, a man of middle age, and his young nephew, Wesley Edwards, both mountaineers of reckless daring, are fugitives now. They are the last of the outlaw band whose fusillade killed a judge, sheriff, prosecutor, juror and bystander March 14.

Friel Allen two days ago deserted the two men still at large and brought back their ultimatum of defiance. Both are prepared to resist until death.

The young prisoner talked glibly of his conversations with Sida Allen and Wesley Edwards. The former, he said, admitted killing Judge Thornton L. Massie, while the latter acknowledged shooting Commonwealth's Attorney William M. Foster. His own part in the tragedy he evaded discussing. He brought, however, information of the desperate straits of Sida Allen, leader of the band, and his consciousness of guilt.

Friel disclaimed knowledge of the part Claude Allen took in the shooting and denied knowledge of the activities of Sida Edwards, Victor Allen and Bud Marion, now in jail at Roanoke.

FLOODS CRIPPLE TRAFFIC

Water in Many Places Is Highest in Forty Years.

Omaha, March 30.—The breaking up of the ice in the Platte, Loup, Elkhorn and other rivers of Nebraska is causing some of the worst floods the state has known in many years. Much property damage has already resulted and there are rumors of loss of life. All railroads in the state are more or less crippled, bridges and tracks have been washed out in many places. A three-mile stretch of track was washed out at Wakefield on the Omaha road, causing the annulment of all trains between Norfolk, Neb., and Sioux City, Iowa.

Oil Explosion Is Fatal.

Pingree, N. D., March 30.—Mrs. F. W. A. Rosemore was burned to death in an explosion of kerosene in her home. While the flames were playing over her body, her ten-year-old daughter saved the life of an infant by carrying it almost directly through the fire which brought death to the parent. The house was destroyed.

Soldiers Loot Nanking.

Peking, March 30.—A report received here from Nanking says that a serious outbreak has occurred there and that the soldiers are looting extensively.

TO OBEY PEOPLE NOT THE BOSSES

GOVERNOR DEFENDS TAFT FROM ATTACK

Eberhart Says President Was Placed in False Light.

St. Paul, March 30.—Dr. Mathias Wahlstrom, superintendent of the Augustana hospital in Chicago, in his speech before the Twin City Association of Alumni of Gustavus Adolphus college, of which he was president until his resignation in 1904, reelected President Taft to the background and lauded Colonel Roosevelt as the most worthy candidate for the office of the chief executive of the United States. "I am a great admirer of Colonel Roosevelt," said Dr. Wahlstrom. "He is a man who paves his own way. Wherever he is you hear from him, and the things you hear are unbiased. I had great hopes for President Taft when he went into office. I have been badly disappointed. The president has made some great mistakes. One of these was his action on reciprocity. That extra session of congress was another great mistake. Many plans and great ideas were upset by the calling of that session, and it has been generally admitted that it was the wrong thing."

Governor Eberhart took exception to Dr. Wahlstrom's opinion of President Taft, saying that in doing so he simply "was getting even for some of the opinions laid down by the doctor when he was president of the college and the present governor was a student who dared not differ with his master."

The governor, in alluding to the Taft speech at the Chicago convention when the chief executive was accused of lining up with the money interests, said it was his belief that the president had been placed in a false light.

SUGAR MAKERS WILL FIGHT

Conference of Manufacturers Is Held in Milwaukee.

Milwaukee, March 30.—At a conference of the executive committee of the United States beet sugar industry here the organization, which includes practically all the beet sugar manufacturers of the United States, laid plans for the presentation of the case of the beet sugar manufacturers against the free sugar bill in the hearings before the United States senate finance committee next week.

Truman G. Palmer, a Chicago man, was selected to handle the presentation of the arguments of the sugar manufacturers, who claim that the free sugar bill will wipe out their industry, representing an investment of \$100,000,000, and the expenditure of nearly that sum each year in the purchase of sugar beets from farmers.

Leap Years.

Leap year. It has been complained by some one, seems to have been named on the same principle as the "Meeting of the Waters" at Killarney, which is a place where two streams do not meet, but part. A leap year ought to be a year in which we jump over a day—a 364 day year. One explanation is that all the days after Feb. 29 jump forward one day in the week more than usual. The Romans used to call it a "bissexile year," and the French still do so.—Chicago News.

GRAIN AND PROVISION PRICES

Duluth Wheat and Flax.

Duluth, March 29.—Wheat—On track and to arrive—No. 1 hard, \$1.08½; No. 1 Northern, \$1.07½; No. 2 Northern, \$1.04½; May, \$1.07½; July, \$1.08½. Flax—May, \$1.07½; July, \$1.08.

St. Paul Live Stock.

Hogs—Light, \$7.55 to 7.87½; mixed, \$7.50 to 7.92½; heavy, \$7.60 to 7.95; rough, \$7.60 to 7.70; pigs, \$5.30 to 7.40. Sheep—Native \$4.35 to 6.25; yearlings, \$5.75 to 7.00; lambs, \$5.75 to 7.85.

Minneapolis Grain.

Minneapolis, March 29.—Wheat—Cash close on track: No. 1 hard, \$1.08½; No. 1 Northern, \$1.08 to 1.08½; to arrive, \$1.08; No. 2 Northern, \$1.06 to 1.06½; to arrive, \$1.04 to 1.04½; No. 3 yellow corn, 75 to 76c; No. 4 corn, 73 to 74c; No. 8 white oats, 52 to 52½c; to arrive, 52c; No. 3 oats, 50 to 51c; barley, 75c to \$1.30; flax, \$2.12; to arrive, \$2.12.

Colonel Roosevelt Repeats Slogan in St. Paul Address.

TALKS TO MAMMOTH CROWD

Former President Delivered Address Before 10,000 People in Which He Covered Wide Range of Subjects and Departs From Prepared Speech. Not a Vacant Seat in Auditorium.

St. Paul, March 30.—Speaking before an audience that filled every nook and corner of the St. Paul Auditorium, approximately 10,000 persons, Colonel Roosevelt made an extended argument for a presidential primary, urging his hearers to insist upon getting a fair deal and the right to express their choice for president. The colonel repeated what he had said in some of his previous speeches on his present trip regarding the New York primary, urging the people of Minnesota, if they did pass a primary law, to see that it was one under which such trickery and fraud as was practiced in New York would be impossible.

He also repeated his statement that if the people have a chance to express themselves and vote against him, he will have nothing to say, but if the bulk of the people are for him and the bosses reverse the decision, he will "have a good deal to say."

The colonel also added a new plank to the platform which he has been building during the present campaign. Taking as his subject "The Welfare of the Farmer," he said that the movement for conserving the country's natural resources and for the betterment of country life had not been carried forward in the period since the end of his administration. He advocated a policy of governmental activity in this direction.

Abandons Prepared Speech.

Colonel Roosevelt had prepared an elaborate speech on this subject, including the conservation of timber and mineral wealth and soil fertility, the need of keeping the people on the farms, the necessity of reducing the high cost of living by eliminating some of the profits of the middlemen so the consumer would pay less for what he buys and the farmer get more for what he sells and finally urging the co-operative system used in Denmark and Ireland.

Colonel Roosevelt, however, merely gave a brief synopsis of this speech, asserting he had intended saying a great deal more on this subject, but a number of things had happened since he prepared the speech which he wanted to discuss.

Then he spoke for an hour or more on popular government, declaring that the rule of the people by representatives of the people was a pretty theory but in reality has meant the rule of the people for the special interests by the boss.

The audience that greeted the colonel in St. Paul was as large as any that has ever crowded into the Auditorium. Every seat was filled long before the time set for the speech to begin. The whole building was thrown open and every space in the rear of the galleries and in the boxes was occupied with people standing up to hear and see him. At Minneapolis, where he spoke after he had finished his St. Paul speech, the Auditorium also was full. Immense throngs greeted the colonel at Albert Lea, Northfield, Faribault and Owatonna, where stops were made on the way to St. Paul.

SAVES CHILDREN; MAY DIE

Nursemaid Rushes From Nursery With Clothing in Blaze.

Minneapolis, March 30.—Mary Kelly, a nursemaid, is dying at St. Mary's hospital, a sacrifice to save the twin babies of her employer. Practically no hopes are held out for her recovery at the hospital. Her entire body is a mass of severe burns.

The girl, twenty-seven years old, whose parents live near Sparta, Wis., was minding John and Jeanette, the nine-month-old twins of Mr. and Mrs. T. J. Donahue. With Mrs. Donahue and the babies she was in the nursery of the Donahue home. John was in her arms. Jeanette lay on the bed. While she was facing away from a burning gas jet, the flames caught the back of her dress. Before she realized it the blaze spread.

Not a spark touched the babies or Mrs. Donahue. Had the girl remained indoors, the fire might have been extinguished but she cried she wanted to save the babies.

Parade to Greet Children.

Lawrence, Mass., March 30.—A parade of 20,000 mill operatives is planned here in celebration of the victory in the recent textile strike and the return home of strikers' children. Manchester, N. H., and Barre, Vt., during the struggle. Bands of several nationalities will be in the parade.

Typical Roosevelt Family.

Salt Lake City, March 30.—Bishop Hyrum B. Clawson, a pioneer of 1848, secretary to Brigham Young, is dead here, aged eighty-five. He leaves a widow, 27 children, 145 grandchildren and 14 great-grandchildren, 186 descendants in all.

April 7th and 8th
"YOU REMEMBER ELLEN"

A picture made in Ireland by the
celebrated Kalem company, adap-
ted from the poem of the great
Irish poet, Thomas Moore. This
is without a doubt one of the
greatest pictures ever produced
and everybody should see it.

SUNDAY AND MONDAY
April 7th and 8th

G. A. Shumacher, of Rock Island,
Ill., was in the city today. Mr. Shu-
macher owns two farms in the north-
ern part of this state, one situated be-
tween Pillager and Wheelock. He
was accompanied by Herman Par-
sons, the foreman of his Pillager
farm.

Ritari Brothers are erecting four
cement block residences, double
houses, for William Graham on Sixth
street near Ivy. The houses are two
and one-half story in height and
measure 32 by 34 feet. One fronts
on Ivy street and three on Sixth
street, and they offer homes for
eight families.

Brainerd Bock beer overcomes that
feeling of lassitude that so often
comes with the opening of spring.
Order a case. Phone 213. 250-11

The Masonic entertainment attend-
ed by the Masons, ladies of the East-
ern Star and invited guests was a
most enjoyable function. Those tak-
ing part in the program were Col.
C. D. Johnson, Rev. Charles Fox
Davis, the Imperial quartette, Robert
W. Crust, Mrs. C. L. Burnett and
Mrs. Howard G. Ingersoll.

Harry Edwards returned today
from a three months' visit at Canada.
"I was looking after Dave Full-
erton's interests in Canada," said Mr.
Edwards, "and the rest of the time
I was hobnobbing with the Duke of
Connaught." Mr. Edwards looked
well and hearty and was just as full
of innocent little jokes as usual.

Henry I. Cohen has negotiated the
sale of the I. U. White cottage and
grounds on Gull lake to C. E. Pope,
of Pittsburgh, the latter paying \$1-
300 for the summer resort and the
grounds which are about two acres
in extent. The White family have
spent their summers here for the last
35 years. They will vacate the place
in September.

When the break down at the elec-
tric light plant put the residence sec-
tion in the dark last night, County

A pleasant surprise party was giv-
en to Mrs. George Hall at her re-
sidence on Third avenue last night
by her many friends and neighbors,
on the occasion of her birthday an-
niversary. She was the recipient of
a handsome oak rocking chair.
Many appropriate pieces were spoken
by the ladies. Afterwards luncheon
was served. All reported having had
a pleasant time.

W. B. Lutz, formerly of St. Paul
and the present day ticket agent of
the Northern Pacific railway, leaves
on Tuesday for Duluth where he as-
sumes a position with the Union de-
pot company as city ticket agent of
the Northern Pacific. Mr. Lutz has
been in Brainerd the past three
months and his unfailing courtesy
and pleasant demeanor has made him
scores of friends among the traveling
public. It does seem as though
every time Brainerd gets a good
ticket agent he is immediately pro-
moted to a larger city.

Dr. Charles G. Nordin, who is the
eye and ear specialist of the North-
western hospital, left today for Min-
neapolis where he will be married
next week to Miss Martha Melzer.
Nurses of the hospital bombarded
the genial doctor with a perfect
shower of rice as he boarded the

train. A German paper of the Twin
Cities has the following reference to
the approaching marriage: "Mr. and
Mrs. Anton C. Melzer, of Lincoln
avenue, announce the engagement of
their daughter, Miss Martha Melzer,
to Dr. Charles G. Nordin, of Brainerd.
The wedding will occur in
April."

Glorious News
comes from J. T. Curtis, Dwight,
Kan. He writes: "I not only have
cured bad cases of eczema in my pa-
tients with Electric Bitters, but also
cured myself by them of the same dis-
ease. I feel sure they will benefit
any case of eczema." This shows
what thousands have proved, that
Electric Bitters is a most effective
blood purifier. Its an excellent rem-
edy for eczema, tetter, salt rheum,
ulcers, boils and running sores. It
stimulates liver, kidneys and bowels,
expels poisons, helps digestion, builds
up the strength. Price 50 cents.
Satisfaction guaranteed by all drug-
gists. tts

A One Ringed Circus.
"There's a ring around the moon."
"I guess the man in it is having a cir-
cus."—New York Press.

Repels Attack of Death
"Five years ago two doctors told
me I had only two years to live." This
startling statement was made by
Stillman Green, Malachite, Col.
"They told me I would die with con-
sumption. It was up to me to try the
best lung medicine and I began to use
Dr. King's New Discovery. It was
well I did, for today I am working
and believe I owe my life to this great
throat and lung cure that has cheated
the grave of another victim." Its
folly to suffer with coughs, colds or
other throat and lung troubles now.
Take the cure that's safest. Price
50 cents and \$1.00. Trial bottle free
at all druggists. tts

PINE KNOLL

County Commissioner Edquist was
the guest of Robert Terry Thursday
evening.

Mrs. B. Welton has purchased a
fine piano.

Jim Welton is at Crystal Springs
hauling logs for Geo. Warriner.

Mrs. Terry and daughter, Chelo,
called at B. L. Welton's Friday eve-
ning.

Maud Welton took a trip up to W.
H. Ellis' Friday forenoon.

And August still hauls hay!

"Miss Spring" has been overcome
by many difficulties on her way to us
this spring, but she has sent a mes-
sage by the crows telling us that she
will soon be here.

JOHN CARLSON

HEAD OF TANK IS BLOWN OUT

Gas Reserve Tank of Electric Light Station is Badly Damaged Last Night

RESIDENCE SECTION WAS DARK

Repairs Begun Immediately at the Station Have Been Completed For Tonight's Service

At seven o'clock last night the head of a gas reserve tank at the electric light station blew out, incapacitating one of the engines and plunging the residence section into darkness.

Immediate repairs were made to the tank and at eleven o'clock last night the residence portion of the city was again illuminated. The partial shut down did not affect the street lighting or the business section.

The repairs have been completed and the power plant employees believe that everything will run smoothly tonight. They regret last night's inconvenience to the people, but the accident was one for which no one can be blamed.

MORE METER READINGS

Mr. Editor:

I notice in the Brainerd Dispatch that a meter reading is given by Mr. C. H. Paine, which certainly is interesting. There are other meter customers also in the city, the most of them paying according to the meter rate and reading. Their readings may therefore also be interesting.

I have had a water meter installed since July 1st, 1911. The reading at the end of the year was 356 cubic feet (2670 gallons.) The reading today, March 28th, is 487 cubic feet (3728 gallons.) This water I have paid \$4.50 for, owing to the \$1.50 per quarter minimum charges, the first quarter of this year included. According to the flat rate it would have cost \$6.75. If I had paid for the actual amount of water used and measured, as Mr. Paine figures his cost, it would come to the sum of \$1.49. This, of course, also includes the privilege of using a hose, which otherwise would be charged extra for.

A neighbor of mine had a water meter installed at the same time and his reading is only slightly higher than mine, and that is for a good sized family at that.

So, don't be afraid of putting in water meters, and when you get them in, for the sake of justice, don't be afraid of paying according to the reading, which is the only just way. By putting in water meters the small consumers will to some extent avoid paying for water that should according to the present rates, be paid \$83.20 for, but for which the city receives only about \$32.40.

Everybody for water meters as well as electric meters,
JOSEPH NELSON.

FARMER SUICIDES NEAR STAPLES

Special to Dispatch:

Staples, Minn., March 30—Charles Holderbach, aged 52, committed suicide yesterday by hanging himself to a tree on his farm six miles northwest of Staples. He had been despondent ever since his head was hurt in a threshing machine accident. The deceased leaves a wife and seven children.

COMMANDERY INSTALLATION

Ascalon Commandery, No. 16, Installs its Officers for the Coming Term

In the presence of a large number of Masons, several being from out of town, Ascalon Commandery No. 16, installed its officers. The new officers to guide the destinies of the commandery this year are:

E. C.—George H. Warner.
G.—M. H. Nelson.
C. G.—W. A. M. Johnston.
S. W.—M. W. Downie.
J. W.—W. H. Gemmell.
Prelate—Edward Crust.
Treasurer—Milton McFadden.
Stand B.—N. H. Ingersoll.
Sword B.—John Carlson.
Warden—George O. Whitney.
First Guard—George A. Keene.
Second Guard—J. K. Pearce.
Third Guard—E. O. Webb.
Sentinel—B. S. Mallory.
Past Eminent Commander George D. LaBar was the installing officer.

Audience Was Large

The song recital given by Miss Irene Cain, assisted by Miss Anna F. Kramer of Minneapolis, accompanist, and supported by the Imperial quartette of this city, attracted an audience that filled the First Baptist church last evening, notwithstanding the entire northern part of the city were without light and the church had to be illuminated with lamps and candles.

Miss Cain, in her repertoire which she presented last evening, has certainly learned the art of knowing how to please an audience, and she did it last evening in good style.

Her many friends were delighted to notice the marked improvement in her voice since she last sang to a Brainerd audience, and she is entitled to much praise for the manner in which she rendered some quite difficult songs. Miss Kramer is certainly a fine accompanist and followed Miss Cain with fine skill.

It is needless to say that the Brainerd Imperial quartette acquitted themselves in their usual popular style, and their music was also a great attraction.

NAMES OF JURORS DRAWN FRIDAY

The Petit Jury is Summoned to Appear May 29 at 9 o'clock in the Morning

AT COMING MAY TERM OF COURT

The Grand Jury is Summoned to Appear May 28 at 10 o'clock A. M.

Sheriff F. J. Reid, clerk of the district court, W. A. M. Johnston and Wm. Prentice, justice of the peace of St. Mathias on Friday drew the names of the jurors who are to serve at the coming May term of the district court.

Summoned to serve on the May term at 9 A. M., May 29, the petit jury embraces the following names:
David Ebinger, Brainerd.
Claude W. Wheeler, Brainerd.
Alfred Erickson, Brainerd.
Lewis Lee, Brainerd.
Axel Holm, Brainerd.
Wm. Falkenreck, Brainerd.
Thomas M. Long, Brainerd.
Mathias Olson, Brainerd.
B. O. Rosenberg, Brainerd.
T. S. Myren, Brainerd.
John Swanson, Deerwood.
Vernie C. Taylor, Deerwood.
Robert Johnston, Twp. 134, Rge. 28.

John P. Bloomquist, Klondike.
Godfrey Blomberg, Klondike.
E. H. Erickson, Maple Grove.
Bert Olds, Pequot.
Henry Gage, Long Lake.
Oscar Thelander, Long Lake.
C. F. Chellin, Roosevelt.
Wm. Raihl, Daggett Brook.
N. P. Houston, Twp. 38, Rge. 28.
Charles E. Dandanell, Lake Edwards.
George O. Russell, Lake Edwards.

The grand jury summoned to appear at 10 A. M. on May 28 is as follows:

D. W. Smiley, Brainerd.
A. J. Forsyth, Brainerd.
Albert Angel, Brainerd.
Thomas Cosgrove, Brainerd.
J. N. Blever, Brainerd.
Joseph Nelson, Brainerd.
A. H. Enmark, Brainerd.
W. E. Erickson, Brainerd.
C. L. Burnett, Brainerd.
A. P. Appar, Brainerd.
H. A. Lyddon, Brainerd.
Frank Wolvert, Brainerd.
Toger Peterson, Brainerd.
T. E. Smith, Brainerd.
Ole Anderson, Daggett Brook.
John Burchett, Jenkins.
Andrew Olson, Long Lake.
Grant A. Bronson, Merrifield.
Charles E. Treglawny, Maple Grove.
August Nelson, Oak Lawn.
Freeman Thorp, Hubert.
Joseph Derosier, St. Mathias.
Henry Grand, Platte Lake.

BLACKDUCK FARMERS' MEETING

Hughes, Gemmell, Arnold and Others Expected to Make Addresses on Saturday Afternoon

One of the most progressive farmers' organizations in Beltrami county is the farmers' co-operative association at Blackduck, which was organized a month ago, and which has a membership of more than a hundred. This club will be entertained by the business men of Blackduck Saturday when a free dinner will be served to all farmers attending.

Speeches will be delivered by H. J. Hughes, of Minneapolis; J. Jedlicka, of McIntosh; Wesley E. Plek and Mr. Dade, of Blackduck. W. H. Gemmell of Brainerd, and L. B. Arnold, of Duluth, are expected to be present to make short addresses.

Y. M. C. A. Meeting

The following program will be rendered at the Y. M. C. A. meeting Sunday afternoon at four o'clock: Opening hymn.

Prayer.
Violin solo, by Miss Drexler.
Scripture reading.

Vocal solo, by David R. Craig.
Address: "Am I My Brother's Keeper." By D. T. Lawrence.

Vocal solo, by J. Albert Swanson.
Hymn.
Closing prayer.

All are invited to be present, both ladies and gentlemen.

At "MICHAEL'S" Only

AIR ON AT THE ADAMS MINE

Forty Sandhogs Working at the Iron Mine Near Oreland and South of Deerwood

VISIBLE FROM N. P. TRACKS

Work Started by Contractor Brandt on Cement Foundations of the Big Hotel at Oreland

Oreland, Minn., March 28.—Air was turned on at the Adams mine this week and forty sandhogs are now delving into the earth and the shaft is being sunk at a rapid gain by Supt. Collar. The men, at present, are working under 29 pounds of pressure.

As the shaft descends the men receive more pay for working under greater pressure. Eighty minutes work under 40 pounds pressure is about the greatest amount of work which can be done under such conditions. It takes men especially trained and adapted to carry on this kind of shaft sinking.

The Mahlum Lumber Co. is hauling lumber to the townsite.

Herman Peterson, the mayor of Oreland, was at Brainerd this week attending to important business matters.

Contractor Peter Brandt, of Deerwood, has 15 men at work putting in the concrete foundations for the big hotel to be built.

IRONTON

The main topic of conversation at Ironton is the coming election contest. There have been various heated arguments at times, several even terminating in blows. When the contest is heard in Brainerd, it is confidently expected that half the town will come to the county seat to see the finish.

Primus D. Kreitter was the host Thursday evening at a card party which was largely attended. "500" was played and the head prize was won by Mrs. Emil Swanson and the second prize by Mrs. Harry P. Armstrong.

John H. Hill is expected home in about three weeks. He fell and broke his knee cap while in California, but is getting along nicely now.

"NOT GUILTY" SAID JAKE

Tailor Jacob Burton Clears Robert E. Lee, the Colored Man Charged With Larceny

"Guilty," said Robert E. Lee, colored, when charged in a St. Paul police court Thursday morning with petit larceny, thinking that was the best way out of his difficulty.

"No, he is not guilty," said Jacob Burton, of 180 East Seventh street. Lee was arrested the previous night, because he was carrying a bolt of silk, says the St. Paul Dispatch. Mr. Burton's explanation that he had given the negro the silk to sell, resulted in Lee's discharge.

MUSIC AND DRAMA

At the Grand

The center of attraction at the Grand last night was Miss Edith Sorenson, the pretty and talented Minneapolis singer who scored a distinct hit in her two spot light songs, "In the Garden of My Heart" and the "Honey Man." The first song showed the beautiful lyric quality of her voice and the second revealed the soft, pleading sympathetic tones which would make any "Honey Man," unless he was built of stone and wood, respond to the question of her song. She wore a dainty gown of most stylish mode. The applause she received was most generous, testifying to the favorable impression

PLATING METAL SPINNING

DOUBLY PROVEN

Brainerd Readers Can No Longer Doubt the Evidence

This Brainerd citizen testified long ago.

Told of quick relief—of lasting benefit.

The facts are now confirmed. Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit. Charles Ellison, 512 S. Quince St., Brainerd, Minnesota, says: "My kidneys were disordered for several years and as time passed, my condition grew worse. About a year ago I was suddenly taken with such a severe pain in the small of my back that I had to stop work and go to bed. Medicine relieved me somewhat and I got out in a few weeks, but I still suffered severely. Someone finally advised me to try Doan's Kidney Pills and I procured a supply. The contents of a few boxes restored me to good health and corrected all the symptoms of my complaint. I am confident that Doan's Kidney Pills will act just as satisfactorily in other cases of kidney trouble." (Statement given September 1, 1908.)

RE-ENDORSEMENT

On October 12, 1910, Mr. Ellison said: "The public statement I gave in favor of Doan's Kidney Pills over two years ago still holds good. I know that this remedy is good for kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, sole agents for the United States. Remember the name—Doan's—and take no other.

ROSS LAKE RIPPLES

The song of the crow is in the air. Mrs. Brown spent Sunday at Keeler's.

Birds.

Mamma—Wasn't it nice of the ravens to work for poor Elijah, Willie? Will he—Huh! Elijah's got nothing on pa I heard him tell a fellow this morning about the bird he's got working Gwuu in the office.—Puck.

NO CASCARET USER EVER HAS HEADACHE

A 10 Cent Box Will Keep Your Liver, Stomach and Bowels Clean, Pure and Fresh for Months
Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver, delayed fermenting food in the bowels or sour, gassy stomach. Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Salts, cathartic pills, oil and purgative waters force a passageway for a day or two—yes—but they don't take the poisons out and have no effect upon the liver or stomach. Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the decomposed waste matter and poisons in the intestines and bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means inside cleanliness and a clear head for months. Ask any of the millions of Cascaret users if they have headache.

CROSBY

The Ingalls Motor Boat Company has been awarded the contract of carrying the mail this summer. The boat line has made an enviable record with its passenger service. The launches have followed a time table with unvarying regularity. The attendants are polite and the boats are as safe as they make them.

Mrs. Vernie Danewick visited at Brainerd Wednesday.

Joseph Sall is at Brainerd familiarizing himself with the clothing business.

Mons Mahlum was at Crosby this week.

Mrs. Leo Code visited her parents in Brainerd this week.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio.
Sold by druggists, 75c.
Take Hall's Family Pills for constipation.
